Football Report

On Monday the Year 6 football team took part in a Burntwood Schools football fixture away against Ridgeway Primary School.

Following on from last week's games the team played a very competitive game against another strong team. Although the result didn't go our way with Ridgeway winning 2-0 the children played well as a team and can be very proud of how they approached the game with a positive attitude throughout.

Thanks to Ridgeway Primary for hosting and to all supporters for their support and encouragement.

Sporting News

On Wednesday 17th October 2018, Highfields will be welcoming Olympic gymnast Kristian Thomas to the school.

Kristian will be leading a sponsored fitness circuit with all pupils, and will follow-up with a talk and question and answer session. The aim of the event is to inspire the pupils to take up sport generally, but just as importantly to encourage them to discover and then pursue their passion in life.

The money raised from the event will go towards new P.E equipment for the school as well supporting the development of British athletes.

Letters and sponsorship forms will be given out to all pupils on Friday 28th September.

What's going on this week?

Criminals under the age of 25 should be treated kindlier by courts because they are still growing up, according to a report published last week. More than 140,000 adults aged 18 to 24 were sentenced in criminal courts last year and they should be treated differently, the Howard League for Penal Reform says. It calls for formal sentencing guidelines to help judges and magistrates understand young adults better.

Things to talk about at home...

- 🍀 At what age do you think you are responsible for your behaviour? If you break the law at 18 should you be punished differently to if you break the law at 16?
- 🍀 What is the youngest age you think someone should be sent to prison and why?
- 🍀 Do you think other alternatives to prison should be tried first? Why?
- 🍀 Do you think adults should be held responsible for their child's behaviour?
