Change to Dates for the Diary

Please note school closes for the Christmas Break on Friday 21st December at 2.30pm not Thursday 20th as stated on the Highfields whole school 2018 calendar.

New Educational TV Experience for BBC2

I am contacting you from the TV production company Label1, producers of BAFTA nominated 'Hospital' (BBC2), 'School' (BBC2) and 'Monkman & Seagull genius guide to Britain' (BBC2)

We are making a new factual, family entertainment show for BBC2. This new format will follow families from all over Britain as they go head-to-head in a battle to find the brainiest!

It's a warm-hearted show, which celebrates incredible families and explores their dynamic as they work together to take on a series of highly compelling challenges, puzzles and gameplay. Showcasing the many skills and talents that define modern day intelligence, the programme will promote logic, reasoning, strategy and creativity whilst engaging families in healthy competition.

We hope it will be a valuable educational experience for all involved.

Here are the links to our flyers which detail how parents and families can apply:

Label1 Casting Team

families@label1.tv

Label1 Television Ltd, 1st Floor, 55 New Oxford Street, London, WC1A 1BS

A big thank you to everyone who raised money following our visit from Kristian Thomas.

In total we raised over £1900. This has been split between Sports for Schools (this money will go towards developing future British competitors) and Highfields.

As a school, we have just over £950 to go towards new P.E. equipment. We look forward to sharing with you at a later date what we have spent the money on.

Snacks (including hotdogs) available**

Picture News

at Home

26th November 2018

What's going on this week?

Scientists conducting the world's largest study of gender differences in the brain have recently found men were more likely to prefer "things" and "systems", while women were more interested in people and emotions.

It is a heavily debated issue as to why some jobs in areas such as engineering or construction are mainly chosen by men, and others such as beauty and caring professions, are mainly chosen by women.

Things to talk about at home...

- 🍷 It's often thought that men and women think differently, do you think this is true? Why?
- 🍷 Do you think some jobs are better suited to men and others to women or do you think that this is old-fashioned?
- 🍷 Do you think older people have different views about this to you? Why do you think this might be the case?
