Rotary Award Winner

On Monday, Tony from Burntwood Rotary Club, awarded one of our lovely Year 6 pupils (May) a certificate and book voucher. May always gives 100 % effort in everything she does and works extremely hard. She is also a well mannered pupil with exemplary manners—definitely a worthy winner of this termly award. Well done May!

Have you signed up for the 'Upskilling Parents' session yet?

We have a 2 hour workshop entitled, '*Gaining Number Sense: Early Mathematics*'. This is an informal session designed for parents/ grandparents who wish to gain ideas of how to easily support their children/grandchildren and replicate some of the teaching and learning which goes on in our classrooms at Highfields. Although there is a focus on early mathematics and it would be ideal for parents of EYFS and Key Stage 1 pupils, this workshop would also be great for any parents of KS2 pupils who still find it difficult to grasp basic mathematical concepts. You might even be curious and just want to come and spend 2 hours in the company of others and have some fun, learning something new – feel free to join us!

This informal workshop will be held on Monday 24th April (1pm -3pm) and then repeated again on Wednesday 26th (1pm -3pm) in case you can't make the beginning of the week. Refreshments will also be available. Click on the link below and indicate which day you will be attending (Monday 24th or Wednesday 26th April).

Cross Country Congratulations!

On Monday, 6 of our Year 6 pupils competed in a local cross country tournament at Chase Terrace Academy. Well done to all our competitors who took part and to Summer who came first in the girls race, Niamh who attained third place and Mason who came 2nd in the boys competition.

On Thursday, it was Year 5's turn to compete on a rather muddy course. All pupils gave 100% effort. Well done to Henrietta who came 2nd in the girl's competition.
